

Tufts

GENOMIC SEQUENCING SYMPOSIUM

FRIDAY, MAY 28, 2010
12:00 PM – 3:00 PM

GARY SCHROTH, Ph.D.

Senior Director of Gene Expression and Regulation Applications R&D, Illumina Inc.

“Analysis of the Human Transcriptome by Next-Gen Sequencing”

ANDREW CAMILLI, Ph.D.

Tufts University School of Medicine and Howard Hughes Medical Institute

“Use of Massively Parallel Sequencing for Probing Genetic Networks”

ALEX ENSMINGER, Ph.D.

Tufts University School of Medicine

“Whole Genome Resequencing of Experimentally Adapted *Legionella*”

Reception Following

Room 114 East, Conference Center

Appetizers, refreshments and opportunities to speak with the presenters and other genomic researchers

DeBlois Auditorium

Arthur M. Sackler Center for Medical Education

145 Harrison Avenue, Boston, MA
