

Seminar Presentation on

Next Generation Sequencing (NGS)

Store, manage, and analyze sequence data from GenomeQuest

Date & Location	SPEAKER
Wednesday, Oct 13 th , 2010 10:00 AM – 11:00 AM M&V 702	Dr. Kamalakar Gulukota <i>Senior Director GenomeQuest, Inc</i>

Focus Topics:

- Cloud-based storage/analysis of results
- GQ Browser for fastest path to discovery
- Workflows for ChIP-Seq, RNA-Seq, GWAS
- Share results with colleagues/collaborators
- Interfaces with your favorite tools through the API

Hosted by

Department of Physiology
